Sema Alaçam, Gülen Çağdaş  
Spatial dimensions of bodily experience in architectural modeling:  
A case study  

Gülname Turan  
The first society of industrial design in Turkey:  
Endüstri Tasarımı Derneği (ETD)  

Ümit Arpacıoğlu  
Evaluation of the physical environment in Anatolian rural architecture  

İlker Fatih Özorhon  
The expression of identity: Country pavilions for expo  
in architectural design studio  

Nazlı Taraz, Ebru Yılmaz  
A study on the daily life and coffeehouse culture in Gaziantep:  
Tahmis Coffeehouse  

As utan Sarp Yağcı, Ayş e Balanlı  
A conceptual process model for the sustainability of a healthy building  

Abdeldjebar Layachi  
The archetypes of landscape and sustainable design in the ksar of Kenadsa  

Emel Cantürk, Nurbin Paker Kahvecioğlu  
An alternative dwelling history narrative: The story of the 'apartment'  

Pınar Irlayıcı Çakmak  
Causes of disputes in the Turkish construction industry:  
Case of public sector projects  

Odeta Manahasa, Ah sen Özo y  
Do architects’ and users’ reality coincide? A post occupancy evaluation  
in a university lecture hall  

Cermetrius L. Bohannon, Nikolu s Henry  
Vacancy and access to food: Spatially addressing food insecurity in urban Appalachia
Bașak Özer, Yasin Çağatay Seçkin
The use of qualitative data analysis software to read landscapes in movies: The case of Midnight in Paris  145-154

Sevil Yazıcı
A parametric landscape urbanism method: The search for an optimal solution  155-165

Betül Orbey, Sinan Mert Şener
Variations in design process: A case study about tool and task as design variants  167-180
Contributors

Selma ALAŞAM
Dr. Sema Alaçam is an architect and assistant professor at Istanbul Technical University (ITU), Faculty of Architecture. She has research experience from TU Delft, Hyperbody Research Group (2006-2007) and ETH Zurich, Chair of Structural Design in 2013-2014. Apart from the undergraduate architectural design studio, she teaches various graduate courses related to the computational design and digital fabrication approaches in architecture.

Ümit ARPCIOĞLU
Born in 1976, in Istanbul. He received his bachelor's degree at Mimar Sinan Fine Arts University at 2001, on the same year he began his career as a research assistant in the Department of Architecture at MSFAU. He completed his master and PhD theses at the Institute of Science and Technology, Building Physics and Material Department. Since 2012, he continues his career as an assistant professor doctor at MSFAU.

Ayşe BALANLI
Ayşe Balanlı is currently a fulltime Professor at Hasan Kalyoncu University, Gaziantep, Turkey, after her retirement from Department and Faculty of Architecture, Yıldız Technical University, Istanbul, Turkey. She received her B.Arch. and MSc. degrees from IDGSA (Istanbul State Academy of Fine Arts) in 1973. She acquired her PhD degree at IDMMA (Istanbul State Academy of Engineering and Architecture) in 1981. Her academic research focuses on building biology, building elements and materials.

Cernmetrius L. BOHANNON
C. L. Bohannon, PhD, ASLA, teaches in the Landscape Architecture Program at Virginia Polytechnic Institute and State University, and received his PhD and MLA from Virginia Polytechnic Institute and State University and BLA from the University of Arkansas. His research focuses on community engagement and design pedagogy, community narrative, and environmental justice.

Emel CANTÜRK
Emel Cantürk is lecturer at Maltepe University, Faculty of Architecture and currently continues to architectural design PhD program in Istanbul Technical University. Her research areas focus on “architectural design”, “theory of architecture”, “housing and urban transformation”. She worked in several architectural offices and was involved in various projects and applications.

Gülen ÇAĞDAŞ
Gülen Çağdaş has graduated from Istanbul Technical University, Faculty of Architecture. She began as teaching assistant in 1981 at the same faculty. She took her Ph.D. degree on Architectural Design from the same university in 1986. She has become Associate Professor in 1989 and Professor in 1997. She held the Vice Dean position of Faculty of Architecture between 1997 and 2000, was the Head of Architectural Design Chair between 2004 and 2007 and also Department Head of Architecture between 2008 and 2012. She is still the Department Head of Informatics at the Institute of Science, Engineering and Technology, ITU. Her main research area is Architectural Design Computing (Web page: http://akademii.itu.edu.tr/cagdas/).

Nikolus HENRY
Nikolus Henry is a current graduate student in Landscape Architecture at Virginia Polytechnic Institute and State University. He received his BSLA from North Carolina Agricultural and Technical State University in Greensboro North Carolina.

Pınar IRLAYICI ÇAKMAK
Received her B.Arch in Architecture (2005), MSc. in Project and Construction Management (2008) and PhD. in Building Science (2014) from Istanbul Technical University. Currently works as an Architect at Istanbul Technical University. Major research interests include project and construction management, contract documents, contract administration, dispute resolution, and cost management in construction projects.
Abdeldjebar Layachi
Since 1994, architect in charge of studies and monitoring the rehabilitation of some ksour in southern Algeria. Currently, he teaches at the University of Sciences and technology of Oran. He directs studies dissertations and graduation projects in his master workshop "Sustainable Architecture". His research focuses on heritage and bioclimatic designs.

Odeta Manahasa
Graduated with bachelor and master degree from METU in 2005 and 2008 respectively. Currently, she is a PhD candidate at ITU. Her areas of expertise and research interest include: Architectural Education, Children and Architecture and Participatory Design. She is a senior lecturer and teaches Basic Design.

Betül Orbay
Born in İstanbul, in 1984. She earned her undergraduate degree in architecture from the University of Virginia in 2006 and her graduate degree in architecture from İTÜ, Architectural Design Computing Program in 2010. She started her PhD. studies the same year in İTÜ and graduated in 2016. She worked as a Research Assistant in the Department of Architecture in Doğuş University between 2010-2013. She worked as a Lecturer between 2013-2016 and she is assigned as Assistant Professor in Doğuş University.

Başak Özer
Başak Özer, Landscape Architect (Ph. Dc) and Research Assistant at Istanbul Technical University. Topics of interest include urban public landscapes; human psychology and landscape design; tourist behavior and cities; social memory and memoryscapes; movies and landscape perceptions; roles of movies in consumption and design of landscapes; urban marketing movies; film-induced tourism; urban gentrification; graffiti.

İlker Fatih Özorhon
Dr. İlker Fatih Özorhon received his B.Sc. (2000) and M.Arch (2002) degrees in Architecture from Yıldız Technical University and Istanbul Technical University respectively. He obtained his Ph.D. degree from Istanbul Technical University in 2008. His recent research areas include Architectural Design, Design Teaching, Modernity and Modern Architecture.

Ahsen Özsoy
Studied architecture at ITU. She is a Professor and teaches architectural design, housing research-methodologies, psychology and architecture. Studies on housing quality; environment-behaviour research; architectural education, earthquake, gender and children issues. She has designed educational and residential projects, received national architectural awards. Administratively, served as Director of Institute of Social Sciences and Vice Rector of ITU.

Nurbin Paker Kahvecioğlu
Nurbin Paker Kahvecioğlu is Associate Professor at Istanbul Technical University, Faculty of Architecture. Her research areas focus on "architectural and urban design", "design theory", "creativity in architectural design education". She has undertaken various architectural design projects, received architectural design awards and put into practice some architectural applications with her colleagues.

Asutan Sarp Yalçın
Asutan Sarp Yalçın is Assistant Professor of Architecture at Abdullah Gül University (AGÜ), Kayseri, Turkey. She received her B.Arch. degree from Yildiz Technical University in 1998. She acquired her MSc and PhD degrees in the area of Building Science and Technology from Department of Architecture, Yıldız Technical University in 2000 and 2007, respectively. Her academic research focuses on building biology, building elements and materials.

Yasin Çağatay Seçkin
Yasin Çağatay Seçkin is an associate professor in Department of Landscape Architecture at Istanbul Technical University. He is educated as an architect and urban designer. Seçkin has a B. Arch. from the Mimar Sinan University in Istanbul. Seçkin has earned a
M. Arch. in history of architecture and also received a PhD. In urban design from the Istanbul Technical University. After completing his doctoral thesis, he conducted his postdoctoral study in landscape architecture at Louisiana State University. His main research interest centers on the urban design, landscape history and landscape construction issues. He has numerous papers presented in international conferences and published in academic journals.

Sinan Mert ŞENER
Born in Istanbul, in 1961. He started his architectural studies in ITÜ, in 1978 and earned his graduate degree in 1984. He completed his PhD. degree in 1994 and conducted his post-doctoral studies in Carnegie Mellon University, between 1998-1999. Şener, worked as a Research Assistant between 1988-1995; as an Assistant Professor between 1995-1997; as a Associate Professor between 1997-2011 and he has been working as a Professor since 2011 in ITÜ, Faculty of Architecture. He served as Dean's Assistant between 2000-2008 and as Dean between 2012-2015.

Nazlı TARAZ
She received her Bachelor degree in Architecture at Eskişehir Osmangazi University in 2010 and got her Master at Izmir Institute of Technology in 2014 in Department of Architecture. Currently, she continues her doctorate at IYTE and works as a research assistant at Department of Architecture.

Gülname TURAN
Gülname Turan is a member of the faculty of architecture at Istanbul Technical University, where she teaches design history and studio classes. She holds BS in industrial design and PhD in art history. Her research area includes the history of industrial design and craft. She has presented papers at international conferences and in the journals Design Issues, Furniture History, and others.

Sevil YAZICI
Dr. Sevil Yazıcı investigates possibilities for rehabilitating the built environment through the use of technology. Her research interests are computational design, material systems, digital fabrication, performance assessments and optimization processes. She received her BArch Degree from ITU, MArch Degree from the London Architectural Association and PhD Degree from ITU.

Ebru YILMAZ
Ebru Yılmaz is an Assistant Professor in the Faculty of Architecture at Izmir Institute of Technology, I.Y.T.E. She received her Bachelor (1995) degree in Architecture at D.E.Ü. in Izmir. She got her master (1998) and doctorate (2004) degrees at I.Y.T.E., in Department of Architecture. She researched for her dissertation entitled “Determination of Place Concept in the Reproduction Process of Built Environment: Kordon, Izmir as a Case Study.” She received awards in architectural competitions. She currently teaches undergraduate and graduate programs.
Guide for authors

Authors must follow these instructions carefully to avoid delays in submission, peer-review and publication processes.

1. Submission of manuscripts

The language of the journal is English. After the submission, the manuscripts will be edited according to the journal submission format and authors may be requested for some corrections or for addition of any missing.

2. Preparation of manuscripts

The cover letter, title page, text with references, tables and a list of figure captions should be prepared as separate Word documents and should be uploaded on the online submission system separately. The manuscript must be typed in double spacing by using Arial font with 12 points. All pages must be numbered consecutively.

2.1. Cover Letter

The cover letter must state that the manuscript has been written and approved by all authors, that it presents an original and unpublished work; and it has not been submitted to, or is not under review process in another journal. It must contain the names and signatures of all authors. The scan of the cover letter is acceptable.

2.2. Title Page

The cover page must contain a concise and informative title; names, affiliations (department, faculty, university, city and country) and e-mail addresses of all authors, and identify the corresponding author.

2.3. Abstract

A concise and informative abstract in English must not exceed 250 words in length, must summarize the purpose, methods and major findings of the paper.

2.4. Keywords

The article must have minimum 3, maximum 5 keywords which must be sorted in alphabetical order and separated by commas. Keywords must be carefully selected to facilitate the readers’ search.

2.5. Text

Text must not exceed 7000 words. All headings must be numbered consecutively and hierarchically. Authors, for whose English is not the native language, are strongly encouraged to have their manuscript carefully edited prior to submission. Also, authors are recommended to perform spell checking of the text. Within the article, avoid the use of footnotes and endnotes, if unavoidable, label as (1), (2) and list all together at the end of the page where they occur.

2.6. Acknowledgement

If necessary, acknowledgements can be provided.

2.7. References

The style and punctuation of the references must follow the APA referencing style. References in the manuscript must give the surname of the author and the year of publication in brackets. The references must be listed in alphabetical order of authors’ names and in chronological order for each author. The upper and lower case rules and punctuation types of APA style must be carefully followed. Further details about APA referencing style can be seen from http://www.apastyle.org/.

Some examples of reference citation are given below.

Books

Journals

Conference Proceedings

Thesis

Websites

The BBC (http://www.bbc.co.uk).

Report

3. Preparation of Tables and Figures

Tables and figures must not be embedded in the article. The proposed location of figures and tables must be indicated in the article by using [Figure 1] and [Table 1] format. Tables must be provided after the references and each table should be placed on a single page. They must be consecutively numbered and must have a brief informative caption. The caption must be provided before the table and written in “Table 1. Name of the table” format. If necessary, explanatory footnotes must be brief, placed beneath the table and indicated by (*). Figures must be numbered consecutively throughout the paper and uploaded to the online submission system as separate image files. Figures must be in grayscale or in black-and-white with minimum 300 dpi resolution as jpeg format. Figures must be named as they named in the article in “Figure 1. Name of the figure” format. Figure captions must also be listed at the end of the article, after the tables.

4. Symbols, abbreviations and conventions

Symbols, abbreviations and conventions in papers must follow the recommended SI Units. Abbreviations must be defined in brackets after their first mention in the text in accordance with internationally agreed rules.

5. Mathematical expressions

Mathematical symbols and formulae must be typed and any other application or program must not be used. Particular care must be exercised in identifying all symbols and avoiding ambiguities. Distinction must be made between the number one (1) and letter (i) and between the number (0) and the letter (O). Equation numbers must appear in parentheses and numbered consecutively. All equation numbers must appear on the right hand side of the equation and must be referred to within the text.

6. Copyright and originality

It is the author’s responsibility to obtain written permission from authors and publishers of any previously published material; text, tables, figures, etc.

8. Book reviews and notes

A book review must run between 500-1000 words, which give scope for an assessment of the book and its contribution to knowledge and discussion within the broad field of architecture, planning and design. Reviews must be typed in double spacing by using Arial font with 12 points. Name, affiliation and e-mail address of the reviewer must be given. A photograph of book cover must be provided in jpeg format. The title, author, origin, publisher, date, number of pages, price and ISBN number must be provided as in the following example.

The Search for Form in Art and Architecture

Eliel Saarinen, 1985

Dover Publications Inc.: New York

354 pp 8.95 US $ Paperback

ISBN 0-486-24907-7

9. Publication charges

There is no submission and page fee for A/Z ITU Journal of the Faculty of Architecture.
