Editorial

**Hatice Ayataç, Enver Cenan İnce, Fatma Ayçim Türer Başkaya,
Eren Kurkcuoglu, Özge Çelik, Sinem Becerik Altındış**
Evaluating visitors' perceptions of squares: Evidence from Istanbul

Faruk Can Ünal, Yüksel Demir
Local data: A new approach to data in architecture

Zairin Zain, Uray Fery Andi
The intangible characteristics of the two indigenous traditional dwellings in West Kalimantan

Nezih Burak Bican
Comparative analysis of three innovative housing models in Copenhagen for social mix

Canan Atliğ, Aslıhan Erkmen
Istanbul Technical University Art Collection Inventory: Analysis and recommendations for its development

Elcin Tas, Pinar Irlayıcı Cakmak
A model for the development of a building material information system

Elif Merve Alpak
Occupants creating their own spaces without thinking as a real designer: A revolt and a routine

Begüm Diker, Fatih Yazıcıoğlu
A research on straw bale and traditional external wall systems: Energy and cost-efficiency analysis

Ervin Garip
The role of the architect in the formulation of urban design

Çağın Tanrıverdi Çetin, Yurdanur Dülgeroğlu Yüksel
Tracing the hidden dimension of line in architectural representation

Haniye Razavivand Fard
Santralistanbul Campus, Bilgi University: A Transformation of an Industrial Site to a Liveable Campus

Contributors

Elif Merve ALPAK

Received her B.LA, MSc. and PhD. in Landscape Architecture from Karadeniz Technical University Faculty of Forestry. Currently works as an Assistant Professor at Karadeniz Technical University. Her major research interests are environment-behavior relationship, spatial behavior in urban open spaces.

Uray Fery ANDI

Uray Fery Andi earned his doctoral degree in architecture from the School of Architecture, Planning and Policy Development of Institute Technology of Bandung, Indonesia (2016). Currently works as an Assistant Professor at the Department of Architecture of Universitas Tanjungpura. Major research interests on history of architecture, traditional architecture and building heritage.

Canan ATLIĞ

Canan Atlığ is the Collection Manager of Istanbul Painting and Sculpture Museum. Atlığ completed her BA degree at the The University of Michigan-Ann Arbor with a double-major in Art History and Near Eastern Studies and later on received her MA degree in Art History from Istanbul Technical University.

Hatice AYATAÇ

Hatice Ayataç is an associate professor at Istanbul Technical University (ITU). She graduated from ITU, Department in Architecture. She received BSc and MSc degrees from the Department of City and Regional Planning at ITU. Her research and publications are focused on “urban planning”, “urban design”, “public places”, “universal design”, “accessibility”, “people friendly environments” and especially “children’s places”.

Sinem BECERİK ALTINDIŞ

Sinem Becerik Altindiş is a research assistant and PhD student at Istanbul Technical University. Studied architecture at Izmir University of Economics and held master degree

from ITU in urban design at 2016. Her research topics mainly focus on urban design and planning.

Nezih Burak BİCAN

Received his B.Arch, M.Arch and PhD Degrees in Architecture from METU in Ankara, Turkey (2001-2016). Studied as a guest PhD student at KADK and as a guest researcher at SBI of Aalborg University in Copenhagen, Denmark. Currently works as an architectural studio instructor at Atılım University in Ankara.

Özge ÇELİK

Özge Çelik is a landscape architect and holds an M.Sc. in Urban Planning. She is a PhD candidate. She has an experience of eight years as a Research and Teaching Assistant at ITU and a semester as an International Scholar at UTL (Universidade Tecnica de Lisboa). She has experience of research in sustainable design concepts of public space. Her major areas of interests are participatory urban design, collaborative planning and smart cities.

Yüksel DEMİR

Assoc. Prof. Dr. Yüksel Demir, Faculty at ITU Department of Architecture, served as a guest professor in Politecnico Di Milano, Anadolu University, Auburn University. Founder director of ITU MardINT R&D Center. Working on Architectural Design, ICT in Design, Art [theory & practice]. Coordinates Turkish Antarctic Research Station Working Group.

Begüm DİKER

Begüm Diker graduated from Kocaeli University, Department of Architecture in 2013. She completed master program in ITU, Environmental Control and Building Technology program in 2017. Since 2018, she is continuing her PhD. studies in Construction Sciences program in ITU. Her research interests are: ecological design, energy- efficient and zero-energy buildings.

Aslıhan ERKMEN

Aslıhan Erkmen (Ph.D., İTÜ-2011) is an art historian (BA, MSGSÜ-2007) and a corporate communications specialist (BA, MA, Marmara-1995,

1997). Erkmen's research interests include Islamic art of books, illustrated manuscripts, Anatolian Seljuk geometry, Ottoman art, traditional arts and crafts, and museum studies on which she publishes/edits/co-edits books and articles.

Enver Cenan İNCE

Enver Cenan İnce is Research Assistant at ITU, Bachelor degree is from Middle East Technical University (METU) in the department of city and regional planning, while Master degree is in ITU, Regional Science Program. Phd education continues in ITU since 2015. Expertise is transportation planning, travel demand models, econometric models.

Ismail Eren KURKCUOGLU

Ismail Eren Kurkcuglu is an urban planner/architect and assistant professor at ITU. He has received his PhD with his dissertation entitled "Spatial and Psychological Impact Assessment of Pedestrian Movements in Urban Pattern" in 2015. His main research interests include urban design, urban morphology, spatial perception, environmental psychology and urban history.

Ervin GARİP

Ervin Garip is an architect currently holds a PhD degree (2009) in "Architectural Design" from the Faculty of Architecture, ITU. He got his B.Sc degree in "Architecture" in 2000 from ITU. He studied as a visiting scholar at NC State University College of Design, USA in 2009. His projects have been awarded, exhibited and published by several institutions. He gives lectures on "Human Sciences", "Digital Representations Techniques" and "Interior Design", conduct studies on "Space Syntax", "Environmental Psychology" and "Visual Research Methods".

Haniye RAZAVIVAND FARD

Dr. Haniye Razavivand Fard, a Researcher, Lecturer, and Architect with more than 10 years of cross-functional work experience in international contexts of Italy, Turkey and Iran. The holder of a Double-

Degree PhD in "Architectural Design" Program at Istanbul Technical University and in "Architecture. History and Project" Program at Politecnico di Torino. The current researches focus on architectural design, socio-spatial aspects of urban design, sustainability, morphology and university-city interaction.

Fatma Ayçim TÜNER BAŞKAYA

Fatma Ayçim Türer Başkaya is an Associate Professor at Istanbul Technical University. Following her bachelor's degree in landscape architecture from Istanbul University, she received her M.Sc. and Ph.D. degrees in urban and regional planning from ITU. Her research areas are standing at the interphase of planning and design concerning "urban socio-ecological systems", "disaster sensitive studies", "coastal and riverine landscapes".

Faruk Can ÜNAL

Faruk Can Ünal graduated from Dokuz Eylül University as an architect (2010) and received his MSc (2013) and PhD (2019) degrees from Istanbul Technical University, Architectural Design Computing Programme. He had been a visiting researcher at Eindhoven University of Technology during his MSc and PhD studies. In addition to architectural design, he carries out various design works ranging from industrial design to urban design.

Fatih YAZICIOGLU

Dr. Fatih Yazicioglu is a full time associate professor of Istanbul Technical University (ITU) Faculty of Architecture. He teaches courses on architectural technology and construction detailing. He has attended many architectural conferences, has journal papers, and a book about architectural education. He is also practicing architecture specifically about the reconstructions.

Zairin ZAIN

Zairin Zain received his Ph.D degree in architecture from the Faculty of Architecture and Planning of Vienna University of Technology, Austria (2009-2012). Currently works as an

Assistant Professor at the Department of Architecture of Universitas Tanjungpura. Major research interests include vernacular architecture, heritage conservation and material science in architecture.
