Turkish Journal of Neurology

AIM AND SCOPE

The Turkish Journal of Neurology has been published quarterly in March, June, September and December as the official journal of the Turkish Neurological Society since 1995. The journal has been also available on-line since 2004. A peer-reviewed system is used to select manuscripts. The languages of the journal are Turkish and English. Original research articles are particularly supported and encouraged.

The journal aims to update knowledge of neurology throughout Turkey with research articles, reviews, case reports, short communications, letters to the editor, and clinical images in the field of neurology. To retain interdisciplinary transfer of information between the areas of neuroscience and to undertake a novel effort in the international representation and attribution of published articles are the other aims of the journal.

The target readers of the Turkish Journal of Neurology include neurologists and neurology residents as well as other physicians working in the field of neurological sciences.

Turkish Journal of Neurology is indexed in Turkish Medical Index of Emerging Sources Citation Index (ESCI), TUBITAK/ULAKBIM, Turkiye Citation Index, TURKISH MEDLINE, EBSCOhost Research Databases, Scopus, Index Copernicus, CINAHL and DOAJ.

Subscriptions

The Turkish Journal of Neurology is delivered complimentary to the members of Turkish Neurological Society and other scientists and physicians interested in neurology. Tables of contents, abstracts and full texts of all articles published are accessible free of charge through the web site www.tjn.org.tr since 2004. For subscriptions, please contact the Turkish Neurological Society.

Turkish Journal of Neurology

INSTRUCTIONS TO THE AUTHORS

1. Turkish Journal of Neurology is a periodical journal of the Turkish Neurological Society and is published quarterly.
2. The publishing languages are Turkish and English. All manuscripts should comply with the Turkish Language Institution dictionary and the Turkish Language Writing Guide book (<http://tdk.org.tr>). Anatomic terminology should be based on Latin nomenclature. Medical terms, in daily use, should be written according to Turkish spelling rules. The words required to be written in their original language by the author are written within quotation marks.
3. All manuscripts should comply with "Uniform Requirements for Manuscripts Submitted to Biomedical Journals" produced and updated by the International Committee of Medical Journals Editors (www.icmje.org).
4. Turkish Journal of Neurology executes compliance with the Declaration of Helsinki Principles (<http://www.wma.net/en/30publications/10policies/b3/index.html>). All manuscripts concerning human subjects must contain a statement in the "Materials and Methods/Patients and Methods" section, indicating that the study was approved by the Institutional Review Board. There should also be a statement of declaration about informed consent obtained from research subjects, and it should be placed in the "Materials and Methods/Patients and Methods" section. All manuscripts dealing with animal subjects must contain a statement indicating that the study was performed according to "The Guide for the Care and Use of Laboratory Animals" (www.nap.edu/catalog/5140.html) with the approval of the Institutional Review Board, in the "Materials and Methods" section. The Editor may ask for a copy of the approval document.
5. The editor has the right to reject, to require additional revision or to revise the format of manuscripts which do not follow the rules.
6. Submitted papers are reviewed by the editor, the editorial board, and at least two reviewers. The editor and editorial board may decide to send the manuscript to another reviewer. The editor and editorial board is the complete authority regarding reviewer selection. The reviewers are mainly selected from an International Advisory Board. The editorial board may decide to send the manuscript to independent national or international reviewers according to the subject.
7. The dates of received and accepted of the manuscript are stated in the end of the manuscript when published in the journal.
8. Manuscript submission should be done online (www.tjn.org.tr). The manuscript text should be written in Verdana font, 10 point-type, double-spaced with 2 cm margins on the left and right sides. The article should be prepared in IBM compatible programs (Microsoft Windows, Word 98). The pages should be arranged in numerical order beginning from the initial page, and the numbers should be at the bottom right corner of every page. The main text should not contain any information regarding author(s)'s name and affiliation.
9. The author and the co-authors should sign a cover letter declaring acceptance of full responsibility for the accuracy of all contents in accordance with the order of authors. They should also declare that the manuscript is an original work that has not been previously published, and is not currently submitted to any other publication. The cover letter should include contributions and responsibilities of each author, and whether there is a conflict of interest regarding manuscript. If there is no conflict of interest it should also be stated. In case of any financial contributions, the sponsors should also be denoted in a cover letter. The cover letter may be sent by fax to +90 312 431 60 90 or its scanned copy may be sent by e-mail (journal@tjn.org.tr) concurrently with manuscript submission.
10. All the entities that provide contribution to the technical content, data collection and analysis, writing, revision etc. of the manuscript and yet do not meet the criteria to be an author should be mentioned in the acknowledgement part.
11. Abbreviations should be internationally accepted and should be defined accordingly in the text in parenthesis when first mentioned and used in the text.
12. Title page of the manuscript should include Title (Turkish and English), running title (Turkish and English, not more than 40 characters including spaces, Author(s), Institution(s) and Address for Correspondence with e-mail address, fax and phone numbers. Authors should indicate on this page whether the study has been presented previously as an abstract in any congress or symposium.
13. Abstracts should be prepared in Turkish and English for all manuscript except "Letters to the Editor" and "Images in Clinical Neurology". Abbreviations should be avoided in abstracts. References, tables and citations should not be used.
14. At the end of the abstract, at least 3, at most 5 keywords in both languages are included. Keywords must be written in appropriate quality and standard terminology. Turkish keywords should be chosen from among "Turkey Science Terms". The authors use information web address for <http://www.bilimterimleri.com>. "Turkey Science Terms" correspond to the MeSH (Medical Subject Headings). English keywords should be taken from those recommended by the US National Library of Medicine's headings (MeSH) browser list (<http://www.nlm.nih.gov/mesh/MBrowser.html>).
15. Research Articles should include; Title, structured abstract (Objective, Materials and Methods/Patients and Methods, Results and Conclusion, limited to 300 words), and key words in Turkish and English, Introduction, Materials and Methods/Patients and Methods, Results, Discussion, Acknowledgement and References. Research articles should not exceed 5000 words and 40 references.
16. Editor's approval is required before submitting a review article since reviews to be published are planned by the Editor.
17. The reviews should include; Title, unstructured abstract and key words in Turkish and English and the main text section. Limit the abstract to 300 words. The number of references should not exceed 40.
18. Case reports should include; Title, abstract and key words in Turkish and English, Introduction, Case, Discussion and References. Case reports should have a short introduction and discussion sections, and an unstructured abstract should be prepared as one paragraph. The number of references should not exceed 20.
19. Concise independent reports representing a significant contribution in the related field may be submitted as a Short Communication. The maximum length of a Short Communication is 1500 words. Short communications should include title, an unstructured paragraph of abstract and 2-5 key words in Turkish and English. The main text should include a maximum of one figure and two tables. Number of references should not exceed 10.
20. The letters to the Editor is for letters that are addressing issues or exchanging views on topics arising from published articles. It should not exceed 1000 words and not include an abstract. The number of references should not exceed 10.
22. Figures and tables should be numbered according to the sequence of referral within the text. Each item should be cited in text.
23. Each table should be prepared with double spacing on a separate page. Tables should have a brief title. Authors should place explanatory matter in footnotes not in the heading. Explanations should be made for all nonstandard abbreviations in footnotes. The following symbols should be used for abbreviations, in sequence: *, †, ‡, §, ||, ¶, **, ††, ‡‡. Each table should be cited in text.
24. Figures should be either professionally drawn or photographed, and these items submitted as photographic-quality digital images. Electronic files of figures should be sent in a format (for example, JPEG or GIF) that will produce high-quality images in the Web version of the journal. Authors should review the images of such files on a computer screen before submitting them to be sure they meet their own quality standards.
25. X-ray films, scans and other diagnostic images, as well as pictures of pathology specimens should be sent as sharp, glossy, black-and-white or color photographic
